

Shannon FitzPatrick, MD

Hand and Upper Extremity Surgery

Welcome to Orthopaedic Associates of Southern Delaware

I am Dr. Shannon FitzPatrick, an orthopedic surgeon certified by the board, specializing in both surgical and non-surgical treatments for the hand, wrist, and elbow. My journey began with honors at the University of New Mexico, followed by a medical degree from Harvard Medical School. My residency in orthopedic surgery was completed at Yale New Haven Hospital, where I served as Chief Orthopedic Resident. Further expertise was gained through a fellowship in hand, upper extremity, and microvascular surgery at Brown University.

My focus lies in conditions like upper extremity fractures, carpal tunnel syndrome, trigger fingers, overuse injuries, arthritis, nerve compressions, contractures, and ligament/tendon injuries, including soft-tissue masses. I remain engaged in skill-refining conferences and contribute as a committee member in the American Society for Surgery of the Hand.

My commitment is unwavering – delivering the finest patient-centered care to help you reclaim your passions. Let's work together to restore your well-being and cherished activities.

Sincerely,

Dr. Shannon FitzPatrick

Shannon FitzPatrick, MD

What to Expect:

Thank you for your patience and understanding while filling out our forms. Giving us complete and accurate information will allow us to provide you with the best possible care. We also appreciate your patience to see a physician. In certain cases, our patients require special and/or immediate attention; such as your physician being asked to assess a serious injury. Our goal at Orthopaedic Associates of Southern Delaware is to address your needs as soon as possible and in an individualized manner. We want to make sure you get the care you need and want. If you require immediate attention, please inform our front desk so that we may expedite your request. Thank you.
