

Dale F. Sutherland, M.D.

Board Certified Anesthesiologist

Welcome to Orthopaedic Associates of Southern Delaware

I am a board-certified anesthesiologist specializing in pain management, and I am dedicated to helping my patients manage their acute or chronic pain.

Originally from the Midwest, I graduated with a bachelor of science degree in biology from Creighton University. I attended the University of Nebraska's College of Medicine; I then completed my residency and a fellowship in cardiothoracic anesthesiology at Yale University. Upon graduation, in addition to beginning my practice, I also served for nine years as a Major in the U.S. Army Reserve Medical Corps. Through my career, I have worked in Illinois, Nebraska, California, and Mississippi. I have been in the Lewes area since 2007, and I joined Orthopaedic Associates of Southern Delaware in 2017.

When I am not working with patients, I also enjoy teaching, traveling, biking, working out, and playing rugby.

I am privileged to work with the people of Sussex County. I help my patients regain function by reducing the pain associated with daily activities through interventional pain solutions. I look forward to meeting you and learning how I can be of service.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dale Sutherland', written in a cursive style.

Dr. Dale Sutherland

Dale F. Sutherland, M.D.

What to Expect:

Thank you for your patience and understanding while filling out our forms. Giving us complete and accurate information will allow us to provide you with the best possible care. We also appreciate your patience to see a physician. In certain cases, our patients require special and/or immediate attention; such as your physician being asked to assess a serious injury. Our goal at Orthopaedic Associates of Southern Delaware is to address your needs as soon as possible and in an individualized manner. We want to make sure you get the care you need and want. If you require immediate attention, please inform our front desk so that we may expedite your request. Thank you.
